Nuevo Laredo, Tamaulipas 88000  
MEXICO

### **DISMISSAL OF APPLICATION ON REQUEST OF APPLICANT**

By request dated December 12, 2012, applicant seeks to withdraw its application for Federal Motor Carrier Safety Administration provisional authority to operate beyond the U.S. municipalities and commercial zones on the United States-Mexico border in the Cross-Border Long-Haul Trucking Pilot Program. The request will be granted:

The application is dismissed. This decision will be effective 15 days from the service date.

If you currently have an existing valid OP-2 Certificate of Registration to operate in the U.S. municipalities and commercial zones of such municipalities on the United States-Mexico border, today's dismissal of your application for operating authority in the cross-border long-haul trucking pilot program will not impact your current commercial zone Certificate of Registration. If you do not have an existing OP-2 Certificate of Registration, nothing in this dismissal should prevent you from applying for the commercial-zone operation. In addition, you may submit a new application to participate in the U.S.-Mexico Cross-Border Long-Haul Pilot Program at any time prior to the Pilot program's termination.

Sincerely,

Jeffrey L. Secrist  
Chief, Information Technology  
Operations Division
