ABOUT THE CAMPAIGN

The Federal Motor Carrier Safety Administration's (FMCSA) "Your Roads, Their Freedom" campaign seeks to raise awareness of human trafficking in the commercial motor vehicle (CMV) industry. This effort aims to educate and empower CMV drivers and other transportation-industry employees to recognize the signs of human trafficking and report the crime to authorities.

WHAT IS HUMAN TRAFFICKING?

Human trafficking is a crime that involves the use of force, fraud, or coercion to obtain labor or a commercial sex act. All commercial sex involving a minor is legally considered human trafficking, regardless of force, fraud, or coercion.

Victims can be anyone – regardless of race, color, national origin, disability, religion, age, gender, sexual orientation, gender identity, socioeconomic status, education level, or citizenship status. Similarly, perpetrators of this crime also vary. Traffickers can be family members, partners, acquaintances, and strangers. They can act alone or as part of an organized criminal enterprise.

Language barriers and/or fear of their traffickers often keep victims from seeking help, making human trafficking a **crime hidden in plain sight**.
