

How to Apply to the FMCSA Safe Driver Apprenticeship Pilot (SDAP) Program

Are you 18-20 years old, holding an intrastate commercial driver's license (CDL) and looking to expand your career nationwide?

The Federal Motor Carrier Safety Administration (FMCSA) has a program just for you! The Safe Driver Apprenticeship Pilot (SDAP) Program allows you to enroll in a paid apprenticeship program to jump-start your trucking career across the United States.

Follow this easy application process to successfully apply to the SDAP Program:

- safety qualifications for the program." data-bbox="56 332 937 435"/>

1 Ensure you meet all required [safety qualifications](#) for the program.

- approved motor carriers and determine which approved carrier you would like to work with." data-bbox="56 445 937 548"/>

2 Review our list of [approved motor carriers](#) and determine which approved carrier you would like to work with.

- approved motor carrier." data-bbox="56 558 937 654"/>

3 Apply to an apprenticeship position directly with an [approved motor carrier](#).

So, what's next?

Once you have been selected by an approved SDAP Program motor carrier, FMCSA is committed to reviewing your application within 14 days!
