HOLIDAY ROAD SAFETY

Around Large Trucks & Buses

Let's work together to keep our roads safe and festive this holiday season. Keep these safe driving tips in mind while on your holiday road trip:

- 1. GIVE LARGE TRUCKS & BUSES EXTRA SPACE TO STOP.**
Just like Santa's sleigh, they're hard to steer, have long stopping distances, and carry lots of important cargo (including people and presents)!
- 2. STAY BRIGHT, LIKE THE TWINKLING HOLIDAY LIGHTS.**
Make sure you're visible to large trucks and buses by staying out of their blind spots.
- 3. SPREAD HOLIDAY CHEER & KEEP CLEAR.** Give large trucks and buses room for wide turns.

Trucks are working hard this holiday season—delivering gifts, people, and even giant holiday trees (like the Capitol Christmas Tree). Let's work together to keep the roads safe because it's *Our Roads, Our Safety®*!
