MACHINERY CO., S.A. DE C.V.**

Arturo Ramírez

U.S.D.O.T./F.M.C.S.A

arturo.ramirez@dot.gov

Dear Arturo

By means of the present document I confirm that Road Machinery Co. SA de CV, currently is a subsidiary of Road Machinery LLC, located at the following address:

716 S. 7th Street
Phoenix, Az. 85034 USA

We also have a components repair contract, which is one of the main reasons we are requesting the OP-1 permit, to travel in our own units to deliver or collect components.

At the time of filling the application forms for said permit, it was indicated that it was not a subsidiary due to the Company accounts from Mexico were separated from the company in USA for accounting purposes, so that is why such error occurred, but we confirm that we are a subsidiary and we have commercial dealings as already described.

Hoping that this clarifying note dissipates the doubt

We remain at your service for any clarification.

YOURS SINCERELY

Jorge Alfonso Copca Fragoso
